

All --

There will be a Conway Ranch Update and Workshop at the February 3, 2015, Board of Supervisors meeting in Bridgeport.

The agenda is not out yet -- you can find it on the county website in the coming days. Because of your past interest in Conway, I wanted to provide you with my staff report and the Draft Conway Ranch 2014 Annual Report and 2015 Operations Plan. Those with continued interest should find the information useful to understand where it stands today, and where it is headed.

Feel free to forward any questions or comments to me, or attend the Board meeting.

Best,

Tony Dublino
Environmental Services Manager
